

'Rollet' offers fantastic value for money, highly economical and tough foot grille that is available in both closed or open construction, roll-able, silent and sustainable.

'Rollet' is first choice for most common applications. Rollet is made of heavy gauge warp resistant aluminum and Rubber wipers.

'Rollet' is available in 1/2" (12mm) & 7/10" (18mm) thick.

Tough 'Rollet' does not break or shear under foot or rolling pressure.

PROSPEC 'Rollet' Mats are roll-able for periodical cleaning and maintenance. Durability and effectiveness ensure low life-cycle costs.

Possible LEED Credits:	Re-cycled Content:
MR Credit 4 (1-2 points)	Post Industrial: 40%
MR Credit 5 (1-2 points)	Post Consumer: 40%
IEQ Credit 5 (1 point)	

Sample Specification: Provide 1/2" (12mm) & 7/10" (18mm) thick roll-able 'Rollet' entrance mat by Prospec Specialties with closed or open construction with grooved Rubber wipers fixed on aluminum cassettes. Aluminum profiles have EPDM hinge cushion pads for noise reduction and smooth rolling action, complete with WELCOME mat-well frame of anodized aluminum.

Also available in Standard Sizes with Ramp Frame:

- 2' x 3' (60cm x 90cm)
- 3' x 4' (90cm x 120cm)
- 4' x 5' (120cm x 150cm)

Does not require any on-site dry / wet fixing.  
Lay on ground like rugs.
