

'Runner' mats are manufactured using polypropylene yarn, knotted and embedded into a waterproof plastisol backing which is highly recommended for industrial purposes. 4 rows of side-by-side ridge design is very effective in cleaning shoe soles, removes moisture, salt residue, dirt and debris, keeping the floors clean for longer periods of time.

'Runner' does not fade, shed fibers, rot or smell when wet. This products is available in 7 colors to match your interiors.

'Runner' is suitable for Resorts, Hotels, Commercial / Residential Buildings, Villas and Botiques, Show Rooms and Events Venues.

'Runner' is washable and can be use like loose area rugs.

'Runner' mats are available in

- 1.31' x 1.97' (40cm x 60cm)
