

## SECTION I: Product and Company Identification

Product Name: IBS Series

Manufacturer's Name: Prospec Specialties Inc.  
Suite 400, 3601, Highway 7,  
Markham ON, L3R 0M3, Canada

Emergency #: (888) 749-8456

Date Prepared: June, 2013

## SECTION II: Composition

IBS Series - is composed of polyurethane foam impregnated with a cured acrylic pressure sensitive adhesive bonded to a fully cured silicone sealant that is supplied in a variety of colors.

## SECTION III: Hazards Identification

This product is not classified as hazardous when used as intended.

## SECTION IV: First Aid Measures

Eyes: Flush with water for at least 15 minutes, and call physician if problem persist.

Skin: Product may leave a sticky residue, and mild irritation if prolonged exposure. Scrub with soapy water until adhesive is removed.

Ingestions: Do not eat – call physician if ingested.

## SECTION V: Fire-Fighting Measures

The material is flammable and can be ignited by open flame or by a source of smoldering ignition. The foam will also melt while burning, and it is possible for smoldering drips to cause fire to spread.

Flash Point: Unknown

Auto-Ignition Temperature: Unknown

Extinguishing Media: Large volumes of water, or ABC chemical may be appropriate for initial control or small volumes of impregnated foam.

Hazardous Decomposition Products: Carbon di/mon oxides will be formed as well as other noxious and toxic fumes upon combustion – do not breathe combustion products.

## SECTION VI: Accidental Release Measures

Accidental Release Measures: If material is unusable pick up pieces and dispose of in accordance with local regulations; material and all components are non-toxic and normal landfill will most often be acceptable.

## SECTION VII: Handling and Storage

Handling and Storage: Store in original packaging below 35°C. There are no special handling instructions.

## SECTION VIII: Exposure Controls / Personal Protection

Respiratory Protection: Not required

Eye Protection: Not required

Skin Protection: Gloves of any material are suitable if desired, but not required.

#### SECTION IX: Physical and Chemical Properties

Appearance : Dark grey / charcoal colored foam and colored silicone with product identifying packaging.

Odor : Slight characteristic odor.

Physical State: Solid

Density : 0.4 g/cm<sup>3</sup>

Solubility in Water : None

Percent Solids by weight : 100%

Percent Volatile : <1% wt/wt

Decomposition : >300°C

#### SECTION X: Stability and Reactivity

Stability: Stable under normal conditions – avoid temperatures in excess of 300°C, strong acids and bases, and open flame.

#### SECTION XI: Toxicological Information

Toxicological Information: Unknown

#### SECTION XII: Ecological Information

Ecological Information: Unknown

#### SECTION XIII: Disposal Considerations

Waste Disposal Method: Usually may be disposed of in landfill; check with local regulations.

#### SECTION XIV: Transport Information

Not hazardous – safe for non-hazardous shipping.

#### SECTION XV: Regulatory Information

Regulatory Information: Unknown

#### SECTION XVI: Other Information

Other Information: None
