

'**Sturdy**' mats are made of a combination of tough yarns: polypropylene, polyamide, polyester and solution dyed nylon knotted and embedded into water resistant gel backing without any pattern making it more effective removing dirt and debris in any traffic directions.

'**Sturdy**' comes in 3.28' (1000mm) & 6.56' (2000mm) wide X 82' (25m) long rolls.

'**Sturdy**' does not fade, shed fibers, rot or smell when wet. This product is available in 7 colors to match your interiors.

'**Sturdy**' can be used as entrance door mat or used it like loose area rugs. For best results, cover the entire entrance area with '**Sturdy**' mat from wall to wall.

'**Sturdy**' comes with edge beading as an option. Edge beading and Gel backing of this mat help reduce movement, especially on hard surfaces.

'**Sturdy**' is recommended for heavy traffic and is easy to clean with vacuum or steam extraction.

'**Sturdy**' is highly effective on Snow, Salt, Moisture and Sand.

Sample Specification: Provide 7/25" (7mm) thick approx., polypropylene yarn with gel backing mat, model '**Sturdy**' by Prospec Specialties.
